# National Generic Areas for Development 21-22 (update from Ofsted Regional Directors)

## Primary

- ▶ Consistency in sequencing of curriculum, particularly in foundation subjects
- ▶ How well leaders check pupil knowledge (how much children have retained): in the moment assessment
- ▶ Staff training (in some cases – not Barnet schools)
- ▶ Adaptations for SEND

## Secondary

- ▶ KS3: quality and coverage (ie student entitlement)
- ▶ Checking pupils' understanding and knowledge
- ▶ Behaviour
- ▶ Adaptations for SEND
- ▶ Reading (for lowest achieving pupils)
- ▶ Listening to pupils

# School Improvement Visits (either through the SI team or commissioned through BPSI):

**Curriculum design and implementation continues to be a key focus:**

- ▶ How are leaders ensuring rigorous, purposefully selected content, clear sequencing and relevant to the school's context?
- ▶ Is the curriculum being delivered in classes as intended by leaders?
- ▶ In primaries: focus on fluency and automaticity in core subjects
- ▶ How do leaders know (pupil voice, book looks, knowing strength of lessons)?
