

Putting the Community First

Pupil Progress Tracking Event

4 June 2013

www.barnet.gov.uk

Background

- At schools request Neil Marlow arranged for a number of vendors who have pupil tracking products to present their products to on the 4 June, 2013.
- 31 confirmed schools staff attended
- 18 schools represented
- Of the feedback received from the attendees the following product strengths and limitations have been reported by the attendees

Target Tracker – Summarised Feedback

Strengths	Weaknesses / Limitations
Multiple levels of access	Limited I-pad access
Can add TA's & test results	Too many options & buttons
10% market share	EYFS negative
Add pictures & video	Complex / Complicated
Visually clear	Less user friendly than some others
Drill downs and many filters	
Web based	
Developed by Essex schools	

Optimum– Summarised Feedback

Strengths	Weaknesses / Limitations
Unlimited support, good approach to set-up	Sept up grade needed for EYFS, parent reports, security improvements
Tailored reports	No APP
They do the data entry from any format	
Best price for small schools	
Visually clear & easy to follow	
Clear APS break down	
Very flexible approach to doing business with	

Classroom Monitor– Summarised Feedback

Strengths	Weaknesses / Limitations
Modules can be purchased separately	No EYFS
Quick, very intuitive and easy to interpret data	Performance was slow in the presentation?!
Links to G2 – real time data	Visually less slick than others
Resource links to APP	Looks quite complicated
Pre-programmed critical measures	
Good video training resources	
1 out of 5 Primary schools have this product	
Only 18 minutes unscheduled website downtime in 2 years	
UK based cloud with triple data back-up	

Ppit– Summarised Feedback

Strengths	Weaknesses / Limitations
Simple, only 5 tabs	Doesn't currently have photo links for EYFS
Fully I-pad compatible	Weak presentation
Tailor your own filters	Additional cost to transfer current data
Exports easily to excel and generates useful graphs	Analysis of the data looks clunky
Good intervention programme	
Free trial offered	
Shows attainment and progress on one sheet	
Parent access available at an additional cost	

NB. Very few people provided feedback from this session

Schools Interest by product

Next Steps

- No procurement should be done directly with the vendors while this activity is underway
- Arrange for Pupil Tracker demo on the 20 June – They have declined to attend
- Arrange for the consolidated feedback to be shared with the schools – Action, Neil Marlow
- Engage procurement to contact the vendors to formalise their offers, centralised contract and create the vendors in SAP – Action, Matthew Kennington
- Communicate purchasing routes / options back to the schools – Neil & Matthew
